BluSeal Rubber Water Hoses

RMX Industries has revolutionised how a rubber water hose is made. Traditionally made rubber water hoses are stiff and heavy. Made from 100% rubber, our BluSeal hose is the lightest, strongest, most flexible rubber hose ever made. Primarily made for the automotive and industrial market this hose can also be used and is perfect anywhere where hot water is used.

Features

- 10 year limited warranty
- 100% rubber construction
- 40% lighter water hose than standard rubber water hose
- 3/4″ GHT plated brass fittings
- High strength polyester woven braided reinforcement
- 500 PSI minimum burst pressure
- 3:1 Safety factor
- Handles hot water up to 212°F.
- Maintains integrity under extreme weather conditions
- Flexibility from -50° F to +190° F.
- Ozone resistant
- Abrasion resistant
- Kink Resistant
- 4 finger grip bend restrictor for better use & easier control over the hose.

Suitable for Automotive & Industrial use

500 PSI	10 Year	-50° to 190°F	212° F
Minimum Burst Pressure	Limited Warranty	Temperature Range	Hot Water Flexibility

Features at a glance

40% Lighter

40% Lighter than other Rubber Water Hoses which helps in effortless coiling of hose & ease of handling in working & house hold environment.

Four finger grip bend restrictor

Bluseal rubber water hose comes with four finger grip bend restrictor which increase the working efficiency of user. It reduce bending stress near the hose-coupling junction & prevent it from kinks.

High strength polyester braided reinforcement.

High strength polyester braided reinforcement construction to prevent elongation of hose.Industrial thread and yarn add superior strength & provides 300 PSI working pressure with 4:1 safety factor.
