FastFix Fittings allow a damaged hose to be repaired in a few minutes.

## How to fix a damaged hose with FastFix!

**1** Determine where the hose is damaged

**2** Pull the bend restrictor past where the hose is damaged

**3** Unscrew the FastFix Fitting

**4** Slide the lower portion of the FastFix Fitting past where the hose is damaged

**5** Cut the hose at the end where the remaining part of the FastFix fitting is

**6** Remove the barbed swivel fitting from the end of the hose

Cut and remove the damaged part of the hose

Insert barbed swivel into the end of the hose

Slide the lower part of the Fastfix fitting and screw onto the swivel and tighten

Slide the bend restrictor back up to the fitting

Double check that everything is connected properly and tight

**Your Hose Is As Good As It Was Before**

# Air Hose Reels

Blubird is the only company in the world that manufactures both hoses and auto-retractable metal reels with hoses. The BluBird heavy duty retractable reels are constructed with either 18 or 20 gauge powder coated steel that is highly resistant to rubbing, flaking and rust. Both the 18 and 20 gauge reels are equipped with a powerful heavy duty spring and a class leading 12 point ratchet system that helps lock out the hose at shorter lengths and also enables a smooth auto rewind. The 18 gauge reels also feature a rubber gasket for extended life of the spring. Reels are available in both single and dual arm varieties. The reels carry an unmatched 2 year warranty.
